

# Tires

We have definite ideas about what a tire must deliver. We only trust specialists or premium tire manufacturers like Pirelli with their development.

Product	Winter tires TW757	Pirelli Cycl-e	Pirelli Cycl-e ST	Stromer Custom TA754 by Vee Tire	Stromer E-Gridlock by Vee Tire
<b>Brief description</b>	Developed by Stromer for the ST5   ST3 for the winter season. The tire ensures plenty of grip on wet or slippery surfaces and has outstanding puncture protection thanks to the aramid layer. ECE 75 approval for Speed Pedelecs.	The Pirelli Cycl-e was developed especially for the ST5 and tailored completely to the dynamic riding style. Whether in the city or on curvy country roads, Pirelli's entire expertise comes to play in the Cycl-e.	The Pirelli Cycl-e ST was developed especially for the ST3 and therefore for driving in the city and for the daily commute. It rolls softly, is extremely reliable and ensures maximum grip on every surface and in every weather.	We developed these tires especially for the ST1. Thanks to its special tire compound, it promises plenty of grip on wet and dry surfaces and has outstanding puncture protection. ECE 75 approval for Speed Pedelecs.	The E-Gridlock was specially developed for Stromer's complete Speed Pedelec range. The reinforced tire construction stays on track, even at high speeds and under high loads. The tread pattern was inspired by the motorcycle sector and provides the grip.
<b>Stromer model Specifications</b>	ST1   ST2   ST3   ST5 Folding tire	ST3   ST5 Folding tire with Kevlar reinforcement	ST3   ST5 Clincher with metal reinforcement	ST1   ST2 Clincher	ST1   ST2   ST3   ST5 Clincher
<b>Compound</b>	Silica compound	Patented SmartNET silica compound	Tread mixture for 15 % better wet grip, Anti-Tacking, efficient rolling	High-energy mixture	Energetic Compound 62A
<b>Puncture protection</b>	Aramid puncture protection	Universal nylon layer for puncture protection	Universal nylon layer for puncture protection	New rubber belt technology with 5 mm layer of special rubber for puncture protection	New rubber belt technology with 5 mm layer of special rubber for puncture protection
